WHEAT.—The wheat crop looks remarkably fair throughout this part of the country. We have been informed that in the vicinity of Alton in this state, the harvest is already ripe for the sickle.

GEN. GAINES.—We regret to learn that Gen. Gaines, has been removed from the command of the "Western Division."

The cause of this movement, is the course he pursued in raising volunteers without authority. Gen. Brooke, takes command for the present.

MAINE.—The official canvass of the gubernatorial election in that state, as recently declared by the legislature, shows that governor Anderson's majority is 2,017 over all others.

Be not afraid of diminishing your own happiness by seeking that of others. He who labors wholly for the benefit of others, and, as it were, forgets himself, is far happier than the man who makes himself the sole object of all his affections and exertions.

The Louisville Democrat says, we should have stated before that \$54,000 have been advanced in Louisville by twenty-seven of our citizens, for the speedy equipment of the volunteers from this region.
